### STEP - 1 (FEES TO BE PAID)

### STEP - 2 - NO EXPENSES

### STEP - 3

<b>1 YEAR PRE-MED</b>	<b>4 YEARS-MD PROGRAM (BACHELOR)</b>	<b>3-5 YEARS OF RESIDENCY IN USA</b>	<b>PASS USMLE-3</b>
<b>AT ST. LUCIA / ST. VINCENT</b>	This is divided into 2 Parts. 2 Years of Basic Sciences theory classes at IAU / SPARTAN & 2 Years of Clinical rotation.	<b>PREPARE FOR USMLE -3 EXAM</b>	<b>START PRACTICE IN USA</b>

One Clinical Rotation within USA is mandatory

- Your Entry for 10+2 Level pass out students.
- In case you have completed B.Sc in India or BAMS in India, you may avoid this year.
- 90 Credit hours is conducted at this stage to ensure you are eligible for every state in USA for your Residency.
- Majority of students are from USA and Canada who could not pass their MCAT entrance exam.

#### BASIC SCIENCE

In this 2 years, you would be preparing for USMLE-1. This is the most important exam in your entire journey.

#### CLINICAL ROTATION

In this 2 years, you would be preparing for USMLE-2CK & CS.

**2 YEARS IN USA**  
**SPLIT: INDIA / USA**  
**2 YEARS IN INDIA**

At this stage, you may return to India & give FMGE for MCI registration (Just in case you do not wish to pursue in USA).

#### Interview Call basis

- Initial Reference Letters
- USMLE-1 Score
- 2 year of Clinical Rotation recommendations letter

#### Passing the Interview

- USMLE-2 CK/ CS Score
- Interview performance

During this phase, you are entitled to a stipend of around US\$ 4,000 to take care of your Living Cost and further examinations cost.

In case your score is enough to get Residency in your chosen state, you have multiple options such as teaching jobs or internship at St. Lucia.

#### EXIT ROUTE TO INDIA:

You may return back to India and get yourself registered with MCI for MD program directly.

This is your last step in the journey leading to PG Degree.

20% of Doctors in USA are Indians.

The average annual salary of every doctor is approximately US\$ 200,000.

You may return back to India and register yourself directly with the MCI as MD / MS as per your Residency at USA.

### Progressive curriculum

Based on the curriculum of top US medical schools, our curriculum centers on problem-based teaching methods and case studies, allowing students to take an active role in the learning process.

### Extensive Preparation for USMLE

IAU / SPARTAN Students are fully prepared for step 1 through shelf exams (NBME) at the end of each semester in basic science as well as biweekly exams which are formatted to mirror USMLE.

Student to complete the introduction to clinical Medicine in a US hospital and then take a USMLE review course to prepare for the step 1 exam.

This portion of our program allows students an opportunity to familiarize themselves with the US Medical system and interact with other health care professionals before clerkship establishing the groundwork for the successful completion of clinical sciences. The seven week KAPLAN USMLE course with a mock test ensures that the students are well prepared for USMLE step 1.

### All Clinical Rotations in US Hospitals.

Clinical rotations are available at affiliated teaching hospital approved by the Accreditation Council Of Graduate Medical Education (ACGME) located in major cities throughout the US.
