MBBS in Belarus is getting popular among students who are generally late applicants for MCI recognized medical colleges or universities in Russia and the medical seats are filled up. This is due to the fact that, Belarus is a smaller country with lesser infrastructure as compared to Russia. Russian medical seats get generally filled up by June end. Since Gomel State Medical University is among one of the top medical universities in Belarus as well as MBBS

colleges in Belarus and is approved by MCI. Studying MBBS in Belarus for Indian students became a great option for students who want to pursue their MBBS abroad. It is indeed a wonderful option to study medicine and surgery in Belarus as well. There is a wide list of medical universities in Belarus.

MEDICAL PG PROGRAM IN USA

MCI ELIGIBILITY ISSUES

It was announced by the Health Ministry of India in December 2017 that only NEET Qualified students would be allowed to pursue MBBS Abroad. It means that you would have to qualify NEET in order to get the Eligibility Certificate. In case you are NOT qualified (within top 50% of the students), the only option you have is to settle down abroad.

Since countries such as Russia / Ukraine / China does not offer much attractive options for Medical PG, MOKSH places all its students to Germany. The students generally settle down in Germany after completion of the Medical PG program.

GERMAN BENEFITS

Germany is the strongest economy of Europe and is able to allocate huge funds to the healthcare sector for their non growing population. The quality of life is one of the best among European countries. They have allocated 10% reserved PG seats for international medical graduates. Germany recognizes MCI approved degrees and licenses making it easier for the Indian doctors to have a transition from India to Germany.

Further, learning German language is far more easier for Indians who studied in English since the alphabets are same. MOKSH conducts on-line A1, A2 and B1 level German language coaching classes so that you can be ready for German program.
