INDIA! YOU CAN APPEAR
FOR MCI TEST & GET
FINAL DEGREE!**

"Nanjing" – has a simple meaning in Chinese language. "Nan" meaning south and "Jing" meaning capital. Earlier, China as a country was divided in two parts such as North China and South China due to the large size of the country and had 2 capital cities to administer it properly. Beijing was the North and Nanjing was the South Capital of China for a long time. In the modern time, the capital is now treated as Beijing alone. Nanjing has become the economic, cultural and political center of China having beautiful city with well maintained infrastructure. Nanjing Medical University, graded B+ by WHO is situated in this city. The city is in Jiangsu province (where of course even the Jiangsu University is also situated, just 45 minutes drive from Nanjing Medical University).

Food Cost Extra @ USD 100 / Month

Total Cost to Study Rs. 21.57 Lacs 5 Years

COST OF STUDY MBBS AT NANJING MEDICAL UNIVERSITY, CHINA

PURSUE STUDIES WITH MEDICAL PG PROGRAM IN USA AFTER MBBS IN CHINA

PLAN YOUR MEDICAL EDUCATION TILL PG

MCI ELIGIBILITY RULE

As per Medical Council of India (MCI), if you complete your MD / MS from USA, you are not required to appear for any exit exam such as FMGE / MCI Screening Test. The degree of MD or MS acquired from USA is directly valid in India and you can be licensed to practice as MD in India. Most of the students are afraid of MCI Test after coming back due to low passing rates. However, the students must remember that this rule is applicable only if they complete MD / MS in USA. In case they return back after MBBS, the students would have to appear for MCI Screening Test to get the license in India. Generally, the students passing from Russia / Ukraine / China start preparing for USMLE Step 1 exam to compete for PG seat in USA. A score of 230 in Step 1 exam ensures your seat there!

BENEFITS OF USA

There are many benefits of completing MD / MS in USA. You should have completed MBBS in a ECFMG approved university listed on WDOMS (World Directory of Medical Schools).

- No need of MCI Screening Test on return to India.
- Earn USD 4,200 / month (Rs. 2.75 Lacs) during residency
- The MD / MS degree would be valid in India
- On clearing USMLE Step 3, you get a license to practice in USA as well.
- Average score of 230+ in Step 1 ensures a PG seat. In India, only top 5% of the student can reach MD / MS stage in government colleges.

MCI ELIGIBILITY ISSUES

It was announced by the Health Ministry of India in December 2017 that only NEET Qualified students would be allowed to pursue MBBS Abroad. It means that you would have to qualify NEET in order to get the Eligibility Certificate. In case you are NOT qualified (within top 50% of the students), the only option you have is to settle down abroad.

Since countries such as Russia / Ukraine / China does not offer much attractive options for Medical PG, MOKSH places all its students to Germany. The students generally settle down in Germany after completion of the Medical PG program.

GERMAN BENEFITS

Germany is the strongest economy of Europe and is able to allocate huge funds to the healthcare sector for their non growing population. The quality of life is one of the best among European countries. They have allocated 10% reserved PG seats for international medical graduates. Germany recognizes MCI approved degrees and licenses making it easier for the Indian doctors to have a transition from India to Germany.

Further, learning German language is far more easier for Indians who studied in English since the alphabets are same. MOKSH conducts on-line A1, A2 and B1 level German language coaching classes so that you can be ready for German program.

MOKSH SERVICES

- Counseling & Guidance for Medical PG in Germany

Dhananjay Shah
Founder CEO - MOKSH

"China is the only country which has special status given by MCI. The number of hours in the hospital that is conducted during MBBS in China program in the 5 year allows the student to earn credit enough for waiving off the internship of 1 year. This 5 Years program is available at selected few universities in China.

Accordingly, the students passing MBBS in China do not have to pursue an internship in India after passing MCI Test in India. However, the students pursuing MBBS in Russia / Ukraine / Kyrgyzstan and Belarus have to mandatorily complete additional 1 year of internship in India!
