One of the finest "A" Graded MCI approved University in China based in **Beijing** is definitely very popular among Asian students including Indians. The Capital Medical University campus is smaller than other MBBS Universities in China due to its location in the capital city of China but enjoys the **largest hospital affiliations** to the tune of 10,000 hospital beds. This gives very high level of exposure to the Indian students.

The participation in the pre-medical year at Capital Medical University in China ensures your admission for MBBS program for the Sept intake in the same year. During the pre-medical year, you would be taught Basic Chinese language and 10+2 level biology to ensure your intake.

PURSUDE STUDIES WITH MEDICAL PG PROGRAM IN USA

MBBS IN CHINA + MD / MS IN USA

MCI ELIGIBILITY RULE

As per Medical Council of India (MCI), if you complete your MD / MS from USA, you are not required to appear for any exit exam such as FMGE / MCI Screening Test. The degree of MD or MS acquired from USA is directly valid in India and you can be licensed to practice as MD in India. Most of the students are afraid of MCI Test after coming back due to low passing rates. However, the students must remember that this rule is applicable only if they complete MD / MS in USA. In case they return back after MBBS, the students would have to appear for MCI Screening Test to get the license in India. Generally, the students passing from Russia / Ukraine / China start preparing for USMLE Step 1 exam to compete for PG seat in USA. A score of 230 in Step 1 exam ensures your seat there!

BENEFITS OF USA

There are many benefits of completing MD / MS in USA. You should have completed MBBS in a ECFMG approved university listed on WDOMS (World Directory of Medical Schools).

- No need of MCI Screening Test on return to India.
- Earn USD 4,200 / month (Rs. 2.75 Lacs) during residency
- The MD / MS degree would be valid in India
- On clearing USMLE Step 3, you get a license to practice in USA as well.
- Average score of 230+ in Step 1 ensures a PG seat. In India, only top 5% of the student can reach MD / MS stage in government colleges.

MCI ELIGIBILITY ISSUES

It was announced by the Health Ministry of India in December 2017 that only NEET Qualified students would be allowed to pursue MBBS Abroad. It means that you would have to qualify NEET in order to get the Eligibility Certificate. In case you are NOT qualified (within top 50% of the students), the only option you have is to settle down abroad.

Since countries such as Russia / Ukraine / China does not offer much attractive options for Medical PG, MOKSH places all its students to Germany. The students generally settle down in Germany after completion of the Medical PG program.

GERMAN BENEFITS

Germany is the strongest economy of Europe and is able to allocate huge funds to the healthcare sector for their non growing population. The quality of life is one of the best among European countries. They have allocated 10% reserved PG seats for international medical graduates. Germany recognizes MCI approved degrees and licenses making it easier for the Indian doctors to have a transition from India to Germany.

Further, learning German language is far more easier for Indians who studied in English since the alphabets are same. MOKSH conducts on-line A1, A2 and B1 level German language coaching classes so that you can be ready for German program.

The admission to Capital Medical University is much easier than other universities in China due to 70% PCB also accepted. However, due to this reason, one must understand that the admissions get over very quickly by around May end every year. Earlier, in 2016, the entire batch was filled with repeaters and accordingly, they introduced pre-medical course (where Chinese language is taught at an additional cost of Rs. 250,000) and the Autumn batch got filled up by March itself! Apply early for this university. However, it is the most expensive university in China after Fudan University in Shanghai! In the same cost, you can study MBBS at Jiangsu and PG in USA / Germany!
